

OUR PRO ANGLER SUIT WAS DESIGNED BY ANGLERS, FOR ANGLERS. An absolute must for any angler that doesn't allow nasty weather to detour pursuit of that monster largemouth. Word of the Pro Angler's versatility has spread to the asphalt, were motorcycle enthusiasts have begun to take advantage of its flexibility and comfort. The optional Stuff Sack makes for easy storage in boat compartments or in the saddlebags of your hog. **FEATURES** • The Pro Angler Suit jacket features a comfortable zippered jacket with a hood that zips into the collar, and a storm flap with snaps that covers the full-length zipper. The bib pants are cut for unrestricted movement and feature adjustable hook-and-latch closures with quick release buckles and Velcro® closures at the cuffs.
