Single Semi-Mounted Heat-troller COAX

Single Semi-Mounted Heat-troller™
 The perfect product for those that don't want to or can't drill holes in their Bike MOUNT A HEAT-TROLLER WITHOUT DRILLING ANY HOLES
 Technical Specifications: The Semi-Mounted Heat-troller has the same specs as the Mounted Heat-troller except for one important feature. The switch comes mounted in a box, 1.5in L x 1.3in W x .9in H, that can be Velcroed on to the fairing or the clutch fluid reservoir so that you don't need to drill a hole in the fairing. Coax Output connector.
 Retail Price \$89.95
